

# Stay safe

## when visiting town centres

Many shops in our town centres are open but please remember to shop responsibly

### Please observe social distancing guidelines:

- Stay at least 2 metres away from other people
- Do not shop in large family groups and where possible do not take children shopping - this will help ensure that space is taken up with paying customers
- Do not visit our town centres if you are suffering with Coronavirus symptoms
- Use contactless payment whenever possible
- Be respectful of shop staff and other shoppers *#bekind*
- Do not touch items you are not purchasing, this will limit the risk to you and others
- Wash your hands when you get home
- Do not congregate in large groups
- Adhere to the guidance provided by each retail unit
- Go straight home once you have finished your shopping

**Thank you**

This will help keep everyone safe
